2017 LANDSCAPE SERVICE REQUEST

Please select the services which you would like to receive for your property this year, service packages are listed on the front, seasonal decor and appointments requests are on the back. You may either mail or e-mail the form back to the office or submit it at <http://www.austinganimlandscapedesign.com/annualservices.html>

SERVICE PACKAGE OPTIONS

BASIC SEASONAL MAINTENANCE PACKAGE

Includes the Following:

- SPRING CLEAN-UP FOR LAWNS**—remove thatch sticks and other winter storm damage and debris from lawn, cut back perennials as appropriate.
- WEEKLY LAWN MOWING**—cut lawn once per week, clear all walkways, patio and driveway of debris and pass line trimmer along edging, curbing and driveway. We estimate the season to be approximately 27 weeks in duration, beginning April/May and continuing, as needed through October/November.
- FALL CLEAN-UP**—to clean-up leaf debris, approximately 2 visits, and dump/debris removal fees may apply.

ORGANIC LAWN FERTILIZER PROGRAM

- After an initial walk through to discuss your needs, we will take soil tests of your property, then develop a custom program to suit your site.

BASIC LAWN FERTILIZER & WEED CONTROL

- After an initial walk through to discuss your needs, we will take soil tests of your property, then develop a custom program to suit your site. Program may include *Pre-emergent Crabgrass Control w/ Fertilizer * Pre-Emergent Broadleaf Weed Control w/ Fertilizer * Grub Control * Fall Fertilizer * Lime *Aeration *Overseeding

PLANT MAINTENANCE PROGRAM PACKAGES

Each maintenance program is customized to the individual needs of your property and includes services such as weeding, pruning of trees and shrubs, deadheading and general maintenance of all garden/planting beds. We estimate the season to be approximately 6 months in duration, beginning in mid-May and continuing, as needed, through November.

Please note that the plant maintenance program is billed on an hourly basis as seasonal growth patterns will vary, it has been our experience that the initial visit, as well as those in late spring/early summer typically take a bit longer than ones in late summer. Any necessary materials such as garden stakes, ties, deer scam etc...will be billed as additional items.

- WEEKLY (24 Visits) BI-WEEKLY (12 Visits) Every Other Week MONTHLY (6 Visits)
- Organic Plant Health Care Treatments Only Hybrid Plant Health Care Treatments

SNOW PLOW DRIVE

- Winter 2017-2018 – to be eligible for snow plow services you **must** be signed up for the Basic Seasonal Maintenance Program & one of the Plant Maintenance Program Packages.
